

Made of aluminum and featuring symmetrical lines, Bento is a minimalist design luminaire available in 3 sizes. Rectangular, it has a compartment housing the equipment at the back, harmoniously joining the illuminating part. The fins on the top allows heat dissipation. With a dual compartment, it is fully IP66. Its sleeve is adaptable for a side or top mounting with adjustable tilt. Bento receives 12 to 72 LEDs depending on the size and can provide high performance asymmetrical road lighting via 3000K or 4000K color temperature, while ensuring compliance with the regulations against light pollution. It can be equipped with intelligent devices thanks to socket integration with Zhaga or NEMA standards and its Zhaga D4i certification.

Regulation specific to France: Decree of 27/12/2018 relating to the prevention, reduction and limitation of light nuisance: product configuration to be defined according to the nature of the project.

## LUMINAIRE'S SPECIFICATIONS

### Luminaire's body

Weight	8 lbs
EPA	0.46
Protection index	IP66
Materials	Aluminium

### Optical unit & control gear

12 to 24 LED PCB in Zhaga stan-dard - From 2500 to 14200 lm (see attached Bento datasheet for details on power, light intensity and photometry available). Integrated smart driver (control, automatic adjustment, CLO, graduation via voltage variation, DALI or Zhaga D4i). ULR 0% (LED) (ULR: Upward Light Ratio).

Materials	PC with anti-UV treatment	Tempered glass
Electric class	I and II	
Protection index	IP66	
Shock resistance	IK10	IK08

Operating temperature: -13°F to +95°F (up to +50° under conditions).

03/25/2022- All informations are subject to change without notice.

## Dimensions (in)

**Installation note**  
Tilts are possible to adapt the luminaire to different bracket configurations. In order to comply with light pollution control requirements, the inclination of a luminaire should not exceed 20°.

## Options

- Pre-wiring.
- Surge protector.
- Zhaga socket or Nema socket on the top and/or bottom of the luminaire + smart lighting accessories (detection, communication, photocell, sensors...).
- Ø34/42/48 with reducing wedge, Ø76 top mounted.
- Backlight control.
- NTC sensor.
- Fins hider.

## Ecodesign

Luminaire designed in compliance with the environmental criteria of energy efficiency, recyclability and interoperability.

Associate member of the Zhaga consortium, Ragni integrates electronic elements in this product that comply with the Zhaga standard, which ensures its scalability and interoperability. This luminaire is Zhaga D4i certified.

Member of the Global Compact since 2018, Ragni is committed to working towards the 17 Sustainable Development Goals (SDG 11, 12, 13, 15).

Luminaire guaranteed free of hazardous substances.

Luminaire eligible for the energy savings certificate.

Luminaire compliant with the decree of 27/12/2018 on the prevention, reduction and limitation of light pollution: product configuration to be defined according to the nature of the project.

## LUMINAIRE'S SPECIFICATIONS

### Luminaire's body

Weight	12 lbs
EPA	0.53
Protection index	IP66
Materials	Aluminium

### Optical unit & control gear

24 to 48 LED PCB in Zhaga standard - From 7200 to 28300 lm (see attached Bento datasheet for details on power, light intensity and photometry available). Integrated smart driver (control, automatic adjustment, CLO, graduation via voltage variation, DALI or Zhaga D4i). ULR 0% (LED) (ULR: Upward Light Ratio).

Materials	PC with anti-UV treatment	Tempered glass
Electric class	I and II	
Protection index	IP66	
Shock resistance	IK10	IK08

Operating temperature: -13°F to +94°F (up to +50° under conditions).

03/25/2022- All informations are subject to change without notice.
