ACCESSORIES

DECOLED

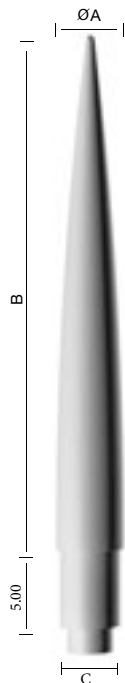

DECORATIVE LED ACCESSORIES

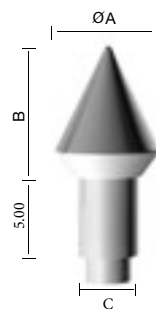

- DecoLED is a range of decorative beacons designed to add a final modern and festive touch to your lamp posts and lighting poles. Thanks to decorative LEDs, you can perfect the night-time look of your roads with pointed peaks, spheres and caps, in a multitude of colors.
- When switched off, these shapes become white to blend with the ambiance of a sunny day. Don't hesitate to cheer up your roads with these decorative accessories. The electrical consumption is very minimal and illuminates beautifully with a single watt LED.
- Choose from the four shapes and four colors available or select a custom color match for your exact needs.
